SUBJECT:

Meeting with Joint Committee on Printing Staff

Per our conversation, I have been in touch with Richard Oleszewski, Deputy Staff Director, Joint Committee on Printing. I briefly explained the background to Mr. Oleszewski indicating our desire to brief appropriate staff on the matter. His initial reaction was to ask for an official letter explaining the situation. I noted that we would find a "meeting" much more conducive to an open and frank discussion of the issue, preferring not to commit anything to paper. He agreed and we set Thursday, 3 March at 10:00 a.m., as the date/time. I leave it to you to contact those in Logistics/Printing you think should attend. Let me know what would be convenient in terms of a pre-meet. I'd be more than willing to drive out to your office for the same. Regarding 3 March transportation to the Hill, I will arrange.

I have a persistent (albeit undocumented) memory of asking you to pick up this badly dropped ball - probably when I was going off on my Central American boondoggle and tried to clear my in box of action items.

In any event, with great embarrassment I must ask that you get Jim together with the JCP staff. I believe you'd be the best LLDer to follow this, although you may want to assign someone else. Pls let me know, and please apologize to [redacted] for me!
